Data Sheet

Suspension L LED

ANNEX Suspension L LED • reflector: polished aluminum

ANNEX Suspension L LED • reflector: opal acrylic glass

ANNEX Suspension L LED • reflector: crystal glass

The Annex luminaire range is the result of a profound understanding of light and design. Various inner reflectors are available; the latter combined with the elegant glass shade create a formal unity and permit different lighting effects.

Examples of applications:
Private and commercial spaces.
Singly for central ceiling mounting and in series, e.g. in hallways, over kitchen worktops, bars, reception and sales counters.

Technical data sheet

Downlight and ceiling luminaire in one ally suited for standardized ceiling mounting, Annex is designed to lend itself to a variety of uses. The new LED version combines timeless design with durable LED technology. Thanks to a standardized fitting system the LED unit can be replaced. And given the illuminant's long life, Annex Suspension with LED is an ideal choice for commercial premises.

Design: Prof. Uwe Fischer

Awards

Baden-Württemberg International Design Award (Internationaler Designpreis Baden-Württemberg) Focus Silber 2011, German Design Award (Designpreis der Bundesrepublik Deutschland) nomination 2012

Material & surfaces

Material canopy, suspension	aluminum			
Surface canopy	high gloss polished and powder coated RAL 9010			
Surface suspension	chrome-plated			
Glass shade	mouth-blown clear	mouth-blown clear	mouth-blown clear	mouth-blown opal
Reflector	opal acrylic glass	polished aluminum	faceted crystal glass	-

Technical data

Illuminant	LED CoB (LED circuit board can be replaced by qualified staff)							
Power (nominal value) ¹	32 W	38 W	32 W	38 W	32 W	38 W	32 W	38 W
Luminous flux LED 2700K (nominal value) ¹ / Color temperature 3000K	3440 lm	3950 lm	3440 lm	3950	3440 lm	3950 lm	3440 lm	3950 lm
Color rendering index	> 90 CRI (other color rendering indices available on request)							
Operating voltage	primary 220 – 240 V AC, secondary 36 V DC (power factor 0.9) (32 W and 38 W models also available as primary 110 V AC, secondary 36 V DC)							
Control ⁴	TRIAC	DALI 1 – 10 V	TRIAC	DALI 1 – 10 V	TRIAC	DALI 1 – 10 V	TRIAC	DALI 1 – 10 V
Average lifetime LED	50.000 h ²							
Energy efficiency class	A++ to A							
Guarantee	2 years							
Mounting	easy tool-free mounting of glass shade via bayonet catch							
Weight	ca. 4.5 kg							

The crossed-out wheelee bin indicates that this electrical appliance must not be disposed of via household waste. In order to protect human health and the environment against potentially hazardous substances, at the end of its lifecycle this product can be taken to a collection point close to you and disposed of free of charge there. This separate disposal enables electrical appliances to be reused or recycled.

Photometric data sheet

Depending on the version, different light emissions and moods can be achieved: Even light distribution throughout the room with opal shade without inner reflector. More targeted with clear shade and conic opal reflector for light directly downwards and softly dispersed all round. A more dramatic lighting effect is achieved with a reflector of polished aluminum: directly downwards and diffuse via ceiling. Brilliant: with a reflector of faceted crystal glass.

			Power (measured value) ¹	Color Temperature	CRI	Luminous flux (measured value) ¹

Please note:

You can download the photometric data (EULUMDAT) from <http://serien.com/downloads/>.

All values are rated values. Power and luminous flux are subject to an initial tolerance of +/- 10%.

Tolerance of color temperature: +/-150 K. When not otherwise indicated the values apply for an ambient temperature of 25 °C.

Recommended dimmers

The following list is the result of internal tests conducted in a controlled environment. However, in some cases there is a possibility that owing to technical specifications (e. g., drivers, cables, switches, etc.) a specific combination of dimmer and LEDs does not work.

As such our recommendations do not represent a guarantee.
