

**LIVING
THE
LIGHT**
serien
.lighting

The image shows a minimalist interior scene. Two identical recessed ceiling lights are mounted on a white ceiling. Each light is encased in a clear, cylindrical glass enclosure with a conical white diffuser inside. The lights are illuminated, casting a soft glow. The walls are a deep, dark blue, and the overall atmosphere is clean and modern.

A minimalist dining table and stool set. The table is made of a thick, dark-stained wooden slab with two thick, tapered wooden legs. Two black metal stools with circular seats and three legs are tucked under the table. A modern pendant light fixture hangs above the table, consisting of two black metal rods that cross in an 'X' shape, with two square, glowing white light fixtures at the ends. The background is a plain, light-colored wall and floor.
